

ABOUT THE SUMMIT

TURN YOUR INSTRUCTIONAL TECHNOLOGY UP!

TurnIT Up Summit at Corning-Painted Post CSD is a one-day learning event designed for Administrators, Classroom Teachers, Teaching Assistants, Coaches, and any educator that is ready to explore learning beyond their comfort zone. The action packed day will be run similar to a conference, all learning levels are invited to attend and our action packed Capture sessions (one-hour sessions) are for an overview of material, Immersive sessions (hands-on sessions) are designed for a deeper dive, and then our hands-on playtime in our PlayIT POD area. Start your day with an energized Ramp UP Session where all of our presenters give the audience a taste of what they will be teaching. Then move into our sessions with focuses on everything Google, Expeditions, Robotics, Coding, and much more. Keep fueled UP with our morning refreshments and afternoon lunch.

● CAPTURE SESSION

Choose from many powerful one-hour sessions that go beyond the basics and push your learning further. All sessions are leveled and will have you leaving energized as an educator. Connect with other like-minded educators to explore beyond your current knowledge.

● IMMERSIVE SESSION

Take a deeper dive into your learning. Immersive sessions are longer sessions which allows for more time to explore your passion and have the hands-on opportunity you may be looking for. Our trainers will explore with you and showcase their expertise as you learn along side.

● PlayIT PODS

This is your time to PLAY! Learning is all about play time and here is your chance. Come explore some new technologies; alone, with a friend, or join a group already playing. Visit the PlayIT Up Pods in the Vendor area.
